

SCAND UPS

THE OPEN SANDWICH YOU CAN ENJOY STANDING UP

Open sandwiches are traditionally eaten for lunch in Scandinavia, sitting down and relaxing. It is, however, possible to make them so they can be enjoyed in a situation where seating or cutlery is not provided – still ensuring they are filling and provide a lunch or snack.

We recommend 4-5 pieces per person for lunch.

If you are unsure of what to order or ordering for a smaller lunch, why not go for Chef's Choice? We guarantee a good varied mix for your guest of our popular Scand Ups and tunnbröd wraps , both meat, fish and vegetarian.
